

# FYI - FOR YOUR INFORMATION INC.

**FYI – For Your Information, Inc.** has been proudly serving federal agencies since 1987. We are dedicated to providing federal agencies with the human resource and information technology solutions they need to meet and exceed their goals. From our full cycle human capital management experts to our network of IT resources throughout the DC Metro, Virginia, Maryland areas FYI has become a nationwide management solution partner in the federal agency community.

## Databricks

FYI has utilized Databricks' machine learning capabilities to build predictive models and data-driven insights. We have created interactive and insightful data visualizations using Databricks notebooks and libraries. Our team transformed complex datasets into easy-to-understand visual representations, and established best practices for Databricks development.

## ISO 9001:2015 Certified

FYI holds itself to the highest standards. To ensure we stay as unbiased as possible and aligned with our mission we voluntarily undergo third party ISO 9001:2015 certification. This process ensures our performance and solutions continually meet the highest standards and that we exceed our client's expectations with every project.
